REQUESTED EFFECTIVE DATE: (MM/01/YYYY)* _____

*We must receive the enrollment materials and payment by the 1st day of a month for your membership to start the 1st day of the same month. If we receive the enrollment materials and payment after the 1st day of the month, your membership will begin the 1st day of the following month. Acceptance of the enrollment materials is contingent on approved payment of the annual membership fee.

PAYMENT OPTION:

Check/Money Order - I have included a check(s) or money order(s) in the amount of \$149 for each member with submission of this agreement. Check should be made payable to:

Paramount Dental | PO Box 659 | Evansville, Indiana 47704

SIGNATURE, RELEASE AND ASSIGNMENT:

By submitting this agreement, Household representative understands that they are applying for and accepting a contract on behalf of all aforementioned members. Membership under this contract may not change until the annual membership period expires. If agreement is approved and membership issued, member(s) authorizes us to make payment of any of your Annual Allowance directly to the dentist as the supplier of services rendered. Member(s) understands that the dentist(s) chosen to use are independent contractors, and are not employees of ours and authorizes the dentist to release to us any information regarding history, symptoms, treatment, examination results or diagnosis. Member(s) further authorizes us and the dentists providing services to transmit by any means any and all information regarding services performed for them enrolled under this option as may be required for the payment or evaluation of claims. A photo copy of this authorization shall be considered as effective and valid as the original. Member(s) understands they have the right to receive a copy of this authorization. If this agreement is accepted, the information herein is an integral part of the option.

Any person who knowingly and with intent to defraud any insurance company or other person files an agreement for membership containing any materially false information or conceals, for the purpose of misleading, information concerning any fact material thereto commits a fraudulent insurance act, which is a crime and will be reported.

By signing below, you understand that this is not considered an Insurance product.

Signature of Household Representative _____ Date _____

NETWORK ACCESS PLAN OPTION

Access to convenient and affordable dental care is important to you and your family. If your mouth isn't healthy, your body isn't always totally healthy either. The Network Access Plan allows individuals to tap into network savings that are not normally offered outside of employer-sponsored plans. This option may be of interest to individual purchasers of health care and retirees. The Network Access Plan offers two valuable features:

Network Savings

The option is tied to a network of participating dentists who have signed contracts and agreed to accept certain fees for dental services. A member must visit a dentist in the network in order to enjoy the contracted savings. For example, if the normal cost for a dental procedure is \$300 and a contracted network dentist has agreed to perform that same procedure for \$250, the member realizes the \$50 savings immediately upon treatment. We can't guarantee that all dental services will be discounted, but more often than not, they will be.

Annual Allowance

In addition to network savings offered on over 250 dental services, this option has an added bonus – a \$100 Annual Allowance per member. A member may apply their \$100 Annual Allowance to any of the service codes available for discount under this option (see Schedule A). A network dentist should always file a claim on behalf of their patient. That enables us to process and apply your \$100 Annual Allowance to your claim, and provide an Explanation of Benefits (EOB) to you. Therefore, services, charges and savings may be verified for accuracy. It's about another choice. It's about an alternative way to access dental care that provides consumers with choice, savings and convenience. It's an option that is more consumer-driven and for those people who take on more personal responsibility for their oral health care, demand savings and want to pay as you go.

USING YOUR PLAN

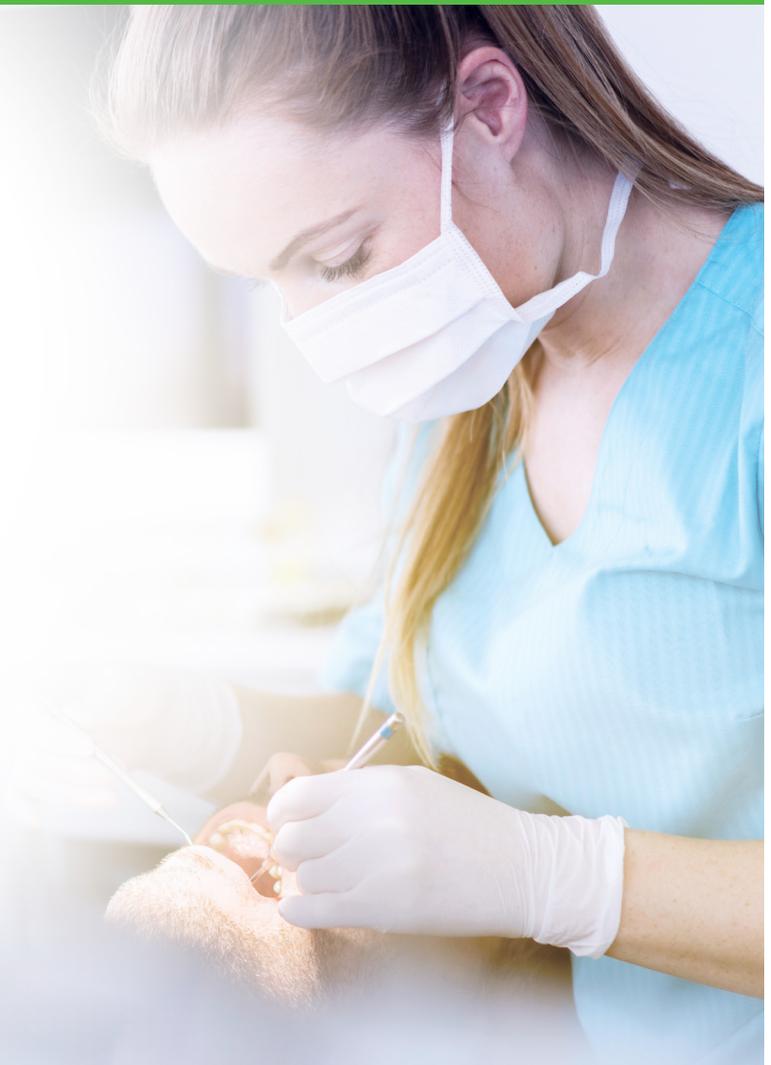

Once your agreement is accepted and your payment approved, you will receive a membership card in the mail. Present your membership card to a network dentist (general and specialists) to apply your \$100 Annual Allowance and receive notable savings on many dental procedures.

If you do not visit a network dentist, you may ask your dentist to file your claim and apply your \$100 Annual Allowance, but you will not receive network savings. It's important to check if a dentist participates before your appointment. Find a network dentist at insuringsmiles.com. If your dentist is not in the network and refuses to file your claim, you will need to contact customer service to request a claim form that you will need to file to receive the applicable portion of your Annual Allowance.

RECEIVING DENTAL CARE – SELECT YOUR DENTIST

Dentistry is a highly personal service. Your dental option offers a large network of dentists to accommodate you and your family. Visit insuringsmiles.com to find a network dentist. A network dentist is a dentist (including specialists) who has joined the network and has agreed to accept certain allowable fees. These dentists have also agreed to not charge amounts to you over and above these allowable fees. This is referred to as “no balance billing”, so you benefit from our negotiated savings.

You may have any dental treatment performed as decided by you and your dentist. Network dentists are independent contractors and are not our employees. We do not dictate what treatment you receive. Only you and your dentist can determine that. However, your Network Access Plan only offers an Annual Allowance and network savings for those procedures under your Network Access Plan listed in this booklet (see Schedules A). You must personally pay for services at the network contracted amount that you incur beyond your \$100 Annual Allowance. We will process your claim (filed by your dentist) for your records only after completion of the dental procedure. If you are not sure whether a particular dental treatment is subject to **network savings or how much you will be required to pay, you should contact your dentist for a pre-treatment estimate, which is a free service provided by us to you and your dentist.**

Enroll in Network Access Plan

- 1** Please read all the information contained in this booklet.
- 2** Review the list of network dentists.
- 3** Complete and Sign the Agreement.
- 4** Provide payment for the annual membership period. *Remember: initial membership is for an annual, twelve month agreement period and may automatically renew upon your approval.*

Plan Premium

The annual membership fee per member (one person) is:

\$149 (\$100 Annual Allowance plus \$49 fee)

You may apply for any number of members by completion of a household agreement. Requests for a refund will be denied.

Mailing and Billing Instructions

Please mail the completed member agreement form with either a check or money order payable to:

Paramount Dental | Network Access Plan
P.O. Box 659
Evansville, Indiana 47704-0659

EFFECTIVE DATE

Unless payment is received by the first of the month, the Network Access Plan option is effective the first day of the month following the month in which payment is received. For example, we receive payment from John Doe on August 15; his effective date would be September 1. Acceptance of the membership materials is contingent on approved payment of the annual membership fee.

CHARGES BEYOND YOUR \$100 ANNUAL ALLOWANCE

You are required to pay to your dentist all amounts for dental services performed beyond your \$100 Annual Allowance level provided by this option. Your out-of-pocket costs for applicable services are subject to a maximum allowable amount and your network dentist may not charge you over and above for these contracted amounts.

ARRANGING FOR PAYMENT

At the end of your dental appointment, your participating network dentist typically completes a claim form for you and submits it to us for processing and payment/application of your \$100 Annual Allowance. Claim forms identify the fee the dentist charges for each procedure performed on the date of service. Your dentist may be able to tell you what services are available for discounts under this option and how much you personally must pay. You may be responsible for your portion of the payment at time of service. Once we process your dental claim submitted by your dentist, you will receive a report (Explanation of Benefits) explaining payment and network savings amounts. It is possible that your dentist's charges for one or more of the procedures may be higher than a maximum allowed under your Network Access Plan. If so, a contracted network dentist must reduce the charged amounts.

If you visit a non-participating dentist, you may personally be responsible for submitting claims directly to us. A dentist must submit a Form W-9 to us before we can process your claim. A non-network dentist is not contractually liable to accept certain fees.

RENEWAL, CANCELLATION AND TERMINATION OF OPTION

No changes to this option or membership fee will be made during an agreement term. We will send you a written renewal notice, including any proposed changes in the Network Access Plan and/or fee at least 60 days before your annual membership agreement expires. Your membership will terminate at the end of the membership agreement term unless you renew by paying the applicable fee on or before 30 days prior to the expiration date of your agreement.

Receipt of the applicable fee by us after termination of your membership will reinstate your membership without a lapse in membership, if payment is received within 15 days of termination.

Membership will be cancelled in the following event: Non-payment of the renewal annual fee within 30 days prior to the expiration of the agreement.

Membership savings for you, and/or any other household member on this option, will terminate as of the date membership is cancelled under the terms of this membership agreement.

ENTIRE AGREEMENT

This agreement, and any attached schedules and appendices, constitute the entire agreement governing the membership. No amendment is valid unless approved by an executive officer of ours and attached to this booklet. No agent, broker or adviser has authority to amend this agreement or waive any of its provisions.

SPECIAL NEEDS

If a member believes he or she has a special health care need, the member should contact our customer service department at 800-727-1444. We will attempt to assist you. We shall not be responsible for the failure to provide this option or for any network dentist to comply with any law or regulation concerning structural office requirements, etc. that apply to a dentist treating persons with special health care needs.

CLAIMS APPEAL PROCEDURES

Informal Claims Appeal Procedure

Your Network Access Plan has been carefully designed to provide you with the maximum amount of available savings for your level of payment/fee. Since we are always looking for ways to make our dental options even better, your suggestions are encouraged. Occasionally, even after you have reviewed the applicable sections of this booklet pertaining to your issue at hand, you may have a question. Your questions may involve dentists, procedures, or advisers who sold you this Network Access Plan.

We always notify you or your authorized representative of a benefit determination after your claim is filed. This notice is made via an Explanation of Benefits statement. An adverse benefit determination is any denial, reduction or termination of the benefit for which you filed a claim, or a failure to provide or to make payment (in whole or in part) of the benefit you sought. This includes a determination based on eligibility, the administration of procedures available for discounts, option limitations or restrictions, and payment amounts. If you receive notice of an adverse benefit determination, and if you think that we incorrectly denied all or part of your claim, you may take the following steps:

First, you or your dentist should contact our customer service team listed in front of this booklet and ask them to check the claim to make sure it was processed correctly. If you contact us in writing, please enclose a copy of your EOB and describe the problem. We provide this opportunity for you to describe problems and submit information that might indicate that your claim was improperly denied and allow us to correct this error quickly.

Formal Claims Appeal Procedure

Whether or not you have contacted us informally, as described above, to recheck the initial determination of your claim, you may submit your claim to a formal review through the claims appeal procedure described here. To request a formal appeal of your claim, you must send your request in writing to the following address:

Health Resources, Incorporated
Dental Claims Review Team
P.O. Box 659
Evansville, Indiana 47704-0659

You must include your name and address, the member ID number, the reason you believe your claim was wrongly denied, and any other information you believe supports your claim, including sections of this booklet that supports your appeal. Please also indicate in your letter that you are requesting a formal appeal of your claim. If you would like a record of your request and proof that it was received by us, you should mail it certified mail, return receipt requested. You, or your authorized representative, should seek a review as soon as possible after you receive your EOB, but you must file your appeal within 90 days of the date of which you receive your notice of the adverse benefit determination you are asking us to review.

The Dental Claims Review Team will make their decision and notify you in writing within 30 days of receiving your request. Their notice of any adverse determination will (a) inform you of the specific reasons for the denial, (b) list the pertinent Membership Option provision on which the denial is based and (c) contain a statement that you are entitled to receive upon request and at no cost, reasonable access to, and copies of, the documents, records and other information relevant to the decision to deny your claim.

NOTICE OF PRIVACY PRACTICES

A statement describing our policy and procedures for preserving the confidentiality of your Personal Health Information (PHI) is available on our website, insuringsmiles.com.

MEMBERSHIP CARD (EXAMPLE)*

Your membership card is intended to provide a general summary of information that is specific to the member and their option. The card should be presented to your dentist.

REQUESTING A PRE-TREATMENT ESTIMATE

Helping you Understand the Importance of Requesting a Pre-Treatment Estimate

A pre-treatment estimate is a free service provided by us to you, our members. This administrative service is performed prior to having dental treatment started. While the information that this service provides is not intended to alter the treatment plan suggested by your dentist, it may help you understand your network savings and plan for the treatment costs you will be financially responsible for.

We recommend that you ask your dentist for a pre-treatment estimate before you agree to receive any prescribed major treatment, such as crowns, wisdom tooth extractions, bridges, dentures, root canals or periodontal services. This lets you know up front what the network savings you are receiving and the exact cost of the treatment plan your dentist has suggested.

How it Works

At your request, your dentist will send us a proposed treatment plan, along with specific ADA codes. We then check to be sure the contracted services are subject to a maximum allowable fee. Some services may be excluded by your Network Access Plan. We ask dentists to allow for at least 48 hours' notice for us to prepare a pre-treatment estimate before any treatment begins. The pre-treatment estimate is mailed to you and your dentist once it is processed and completed.

A pre-treatment estimate is not a guarantee. It is prepared based on member information in our system at that point in time only. When the services are complete and a claim is received for processing, we will calculate any available discounts based on your current information and contracted savings as of the actual date of service.

CREATING SMILES is our business. We hope you find this handout helpful towards being a more informed consumer.
